

# NEW Author Hub

## Connect to submission guidelines, policies, and more.

The new AHA Scientific Journals' Author Hub is designed to simplify the publishing process. These comprehensive resources offer clear guidance every step of the way, for first-time authors and seasoned researchers alike.

### Publish Proudly

[Submit Today](#)

Publishing in AHA Scientific Journals is synonymous with quality, relevance, and importance. Our Editors and expert peer reviewers ensure your work is accurate, significantly improves medical knowledge, and/or offers better ways to treat cardiovascular and cerebrovascular disease.

### Editorial Policies

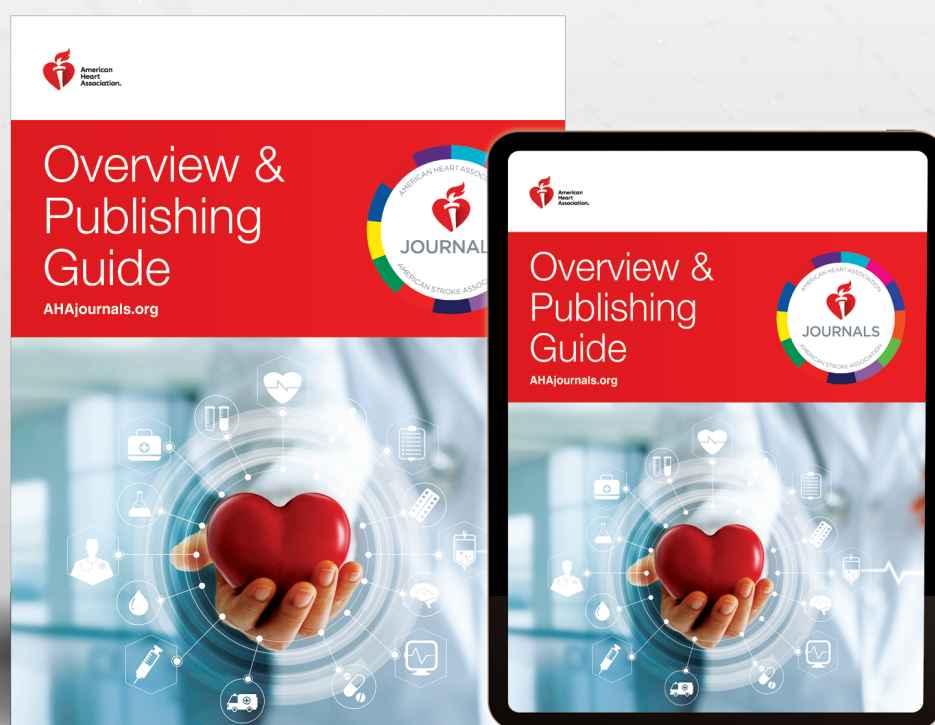

[Find Out More](#)

AHA Scientific Journals are committed to publishing high-quality research and upholding accepted standards of methodological rigor, reproducibility, and transparency. Find out about the policies and guidelines required for a successful publication in the AHA Scientific Sessions.

## Download the AHA Journals' Publishing Guide & Overview Today
